

COTTON PICKER SPINDLE CLEANER

Product Description

Cotton Picker Spindle Cleaner is a water-emulsifiable oil designed to lubricate the spindles of cotton-picking machinery. It provides excellent detergency, wear protection, and superior emulsion stability. This product is formulated with high-quality base oils and carefully selected emulsification system to ensure dependable performance in demanding field conditions.

Applications

Cotton Picker Spindle Cleaner is recommended for the lubrication and cleaning of spindles on cotton-picker machinery. When used correctly, it removes dirt, plant material, and other contaminants from the spindles. Cleaner spindles reduce wrapping and staining, ultimately promoting smoother operation and helping product a higher yield of cleaner cotton

Typical Properties

Viscosity, cSt @ 40°C	22.36
Viscosity, cSt @ 100°C	3.93
Viscosity Index	39
Flash Point (COC), °C/°F	171 / 340
Pour Point, °C/°F	-37/-35
Gravity, API @ 60°F	24.1
Density, lbs/gal	7.573

*The values shown are typical of current production. Some are controlled in the manufacturing process while others are not. All of them may vary within tolerable ranges.
